## **WELCOME MESSAGE**

### **FROM THE ORGANISING CHAIRPERSON, ASMIC 2011**

Dear friends and colleagues,

On behalf of the Organising Committee, it gives me great pleasure to announce and invite you to attend the second Annual Scientific Meeting on Intensive Care (ASMIC 2011), organised by the Malaysian Society of Intensive Care, to be held at Shangri-La Hotel, Kuala Lumpur, from 15<sup>th</sup> to 17<sup>th</sup> July 2011.

There is a constant need not only to keep abreast of new scientific findings but also to identify effective clinical strategies for the management of the critically ill patients. It is only through exchange of information that one can hope to keep up with the rapidly changing world around us. With this in mind, we have put forward a comprehensive scientific programme that will be educationally stimulating and informative.

The plenary and symposia lectures will continue to be the heart of the meeting. You will be able to select the topics of your choice from one of the three simultaneous sessions. These sessions will offer subjects ranging from traditional to newer topics in intensive care. In addition to the main conference, there will be pre-conference workshops on Non-Conventional Ventilation and Patient Simulation.

ASMIC 2011 offers the unparalleled opportunity to learn, exchange information and network. We look forward to welcoming you to an inspiring and enjoyable meeting.

**Dr Tai Li Ling**
